

**Workshop**  
**Prosody-syntax-semantics interfaces in Portuguese: exploring spontaneous speech corpora**  
2-3 July 2015, Anfiteatro II, Faculdade de Letras da Universidade de Lisboa

**Program**

**Thursday, July 2**

10h – Julia Hirschberg: *Entrainment in multiple prosodic dimensions, gender, and social variables*

11h – Break

11h30 – Ana Isabel Mata: *Prosodic cues to topic status in spontaneous speech*

12h10 – Inês Duarte, Ana Lúcia Santos, Silvana Abalada, Anabela Gonçalves, Telmo Mória: *Where syntax meets discourse: preliminary results on the right periphery in spontaneous speech*

12h50 – Lunch

15h – Telmo Mória, Anabela Gonçalves, Inês Duarte: *Some notes on topics and on cleft sentences in spontaneous speech*

16h – Isabel Falé: *Topics in the left periphery: a comprehension test approach with spontaneous speech*

16h40 – Vera Cabarrão, Ana Isabel Mata, Isabel Trancoso: *A prosodic analysis of cleft sentences*

**Friday, July 3**

10h – Enric Vallduví: *Information structure in context*

11h – Break

11h30 – Fátima Silva, Fátima Oliveira, Diana Machado: *Some discursive aspects on the left periphery and cleft sentences in spontaneous speech*

12h30 – Lunch

15h – David Escudero, César González, Carlos Vivaracho, Valentín Cardeñoso: *Automatic Pt-ToBI annotation with a pairwise coupling classifier*

15h40 – Helena Moniz: *Prominence detection using adult and teenage speech*

16h20 – Fernando Batista, Helena Moniz: *Extracting acoustic information for combined syntactic, semantic and prosodic features: experiments with different corpora*

**Free registration**

This workshop is open to anyone who is interested in the topics under discussion. There is no registration fee but registration is mandatory, *due to room capacity*. If you would like to attend, please take a moment to register before June 30 [here](#)

For any further information, please contact us by sending an email to [copas.workshop@gmail.com](mailto:copas.workshop@gmail.com)

This workshop is supported by national funds through FCT - Fundação para a Ciência e a Tecnologia, under project PTDC/CLE-LIN/120017/2010 – “Contrast and Parallelism in Speech” and UID/LIN/00214/2013.
